MAIDENHEAD DATA CENTRE

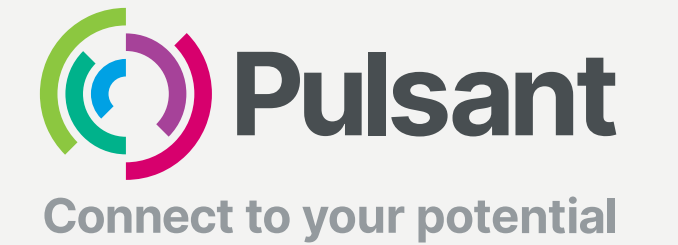

Why Pulsant?

Pulsant colocation provides a secure, reliable and more cost-effective way to ensure your infrastructure remains resilient, scalable and highly available. As the largest regional data centre provider in the UK, all data centres are strategically located, fully connected and cloud-ready, enabling you to take advantage of the same connections as a London data centre, with local benefits.

LOCATION

Priors Way
Maidenhead, Berkshire
SL6 2HP

Why Maidenhead?

Located to the west of London, our Maidenhead facility is perfectly located for connecting your business into the city. The facility is pre-built and pre-configured for the rapid installation of your hardware, whether you require part of a single rack or multiple racks in a secure cage. From Maidenhead we also offer primary or disaster recovery for customers in London, Slough, Swindon, Bristol or Reading.

Highlights

- Maidenhead delivers 1.1 MW of IT power across 1500 SQ metres of technical space
- Close to Slough and London
- 24 x 7 environmental monitoring
- Dark fibre connections
