

## MANCHESTER DATA CENTRE

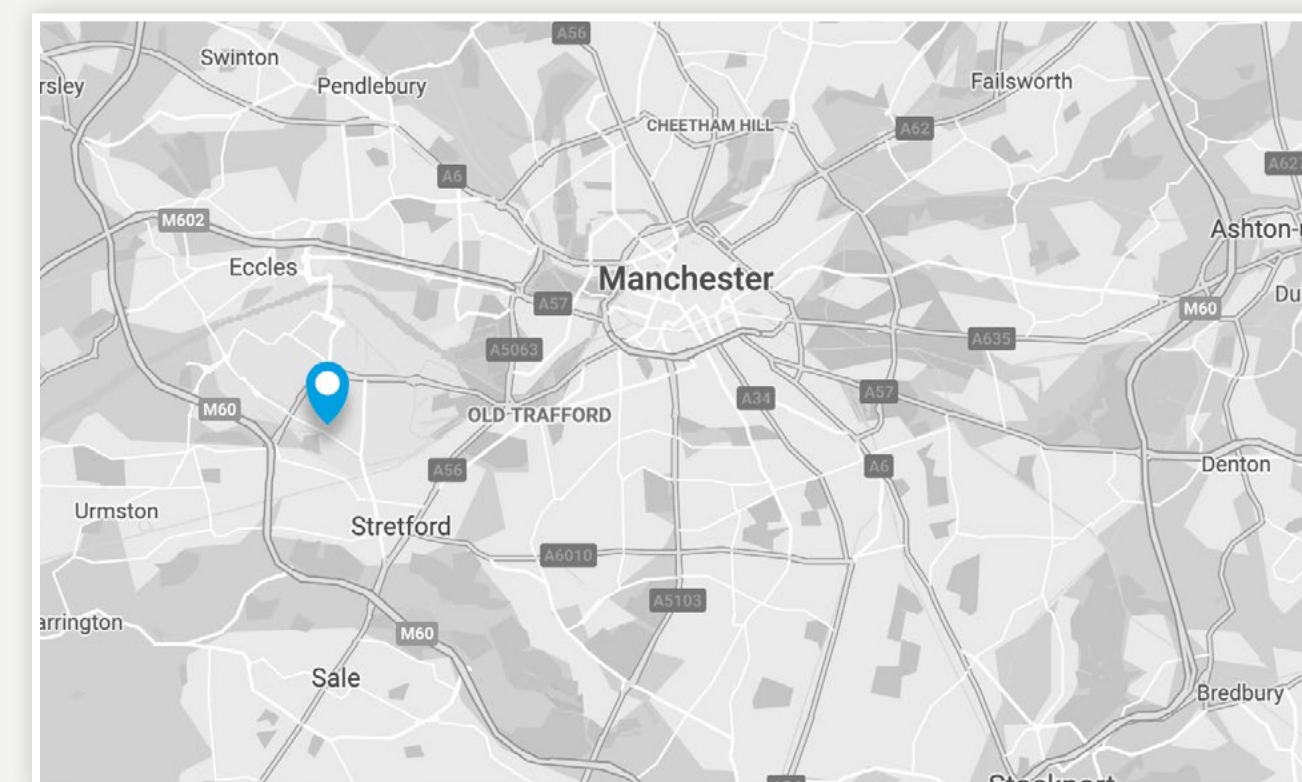

### Why Pulsant?

Pulsant colocation provides a secure, reliable and more cost-effective way to ensure your infrastructure remains resilient, scalable and highly available. As the largest regional data centre provider in the UK, all data centres are strategically located, fully connected and cloud-ready, enabling you to take advantage of the same connections as a London data centre, with local benefits.

### Why Manchester?

Located close to the ring road and **M60 motorway**, our Manchester colocation facility complements Pulsant's existing network of **strategically located data centres**. It offers good transport links and connectivity, including a **LINX Manchester Point of Presence (POP)** on site. – We also have Vodafone, Zayo, BT.
