MILTON KEYNES DATA CENTRE

Why Pulsant?

Pulsant colocation provides a secure, reliable and more cost-effective way to ensure your infrastructure remains resilient, scalable and highly available. As the largest regional data centre provider in the UK, all data centres are strategically located, fully connected and cloud-ready, enabling you to take advantage of the same connections as a London data centre, with local benefits.

LOCATION

St. Neots House, Rockingham Drive,
Milton Keynes, MK14 6LY

Why Milton Keynes?

Located in the heart of England, our enterprise-class colocation facility in Milton Keynes is ideally located for those travelling from London and surrounding cities. Originally built by a bank, the data centre meets the highest security standards, making audits easier for Financial Services and Public Sector customers. Powered by 100% renewable energy and connected by a highly resilient multi-carrier high-speed network, the pre-built and pre-configured facility is ready for the rapid installation of your hardware, whether you're installing a single rack or inhabiting a dedicated private suite.

- 100% Renewable Power Provision
- 2.1 MW of IT power across 6 data halls, 1400 SQM
- Highly specified secure centre
- 24 X 7 environmental monitoring
- Multi-carrier high speed network
