READING DATA CENTRE

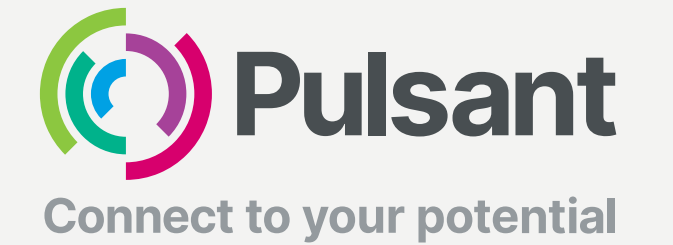

Why Pulsant?

Pulsant colocation provides a secure, reliable and more cost-effective way to ensure your infrastructure remains resilient, scalable and highly available. As the largest regional data centre provider in the UK, all data centres are strategically located, fully connected and cloud-ready, enabling you to take advantage of the same connections as a London data centre, with local benefits.

LOCATION

Suttons Business Park
Reading, Berkshire
RG6 1AZ

Why Reading?

Located close to Junction 10 on the M4, our Reading colocation facility is perfectly situated to serve the M4 corridor and the West Country. The facility has **two buildings** designed to provide optimum efficiency, availability and performance for your requirements. The data centre is pre-built and pre-configured for the rapid installation of your hardware, whether you require part of a single rack or multiple racks in a secure cage.

Highlights

- Reading delivers 0.8 MW of IT power across two buildings
- On the M4 tech corridor. Close to Slough and London
- 24 x 7 environmental monitoring
- Dark fibre connections
